GENERAL NOTES
A 100mm opening is required along a 900mm clear door opening to at least one external service door to the kitchen to enable equipment to be moved in and out of the trailer and for general servicing during life of the kitchen.
All mechanical connections are to be made in accordance with the manufacturer's instructions and to be made in accordance with the applicable standards.
All heights of electrical boxes refer to the top edge of the cabinet base/socket.
All services provided by main contractors, mechanical contractors and electrical contractors are to be in accordance with the applicable standards and to be within 12 meters of the equipment connection points.
